Gregory Sorbara (BA ’78, LLB ’81, LLD ’13), former Ontario cabinet minister, is York University’s 13th chancellor.

Born in Toronto to first-generation Italian immigrants, Sorbara is a Glendon College and Osgoode Hall Law School graduate. He served as a member of the Ontario legislature for 21 years and held numerous cabinet positions. Most notably, he was the finance minister under, and an influential advisor to, former premier Dalton McGuinty.

Sorbara has championed postsecondary education as a driver of community building and a catalyst for social and economic growth. A supporter and longtime friend of York, he has served in a number of leadership roles at the University, including as board member of the alumni association and member of the advisory council for The York Circle, a signature lecture series featuring the University’s leading professors. He has also advocated for the subway extension to York and for many of the ambitious new buildings transforming the Keele campus.

Sorbara and his wife, Kate, have six children and 13 grandchildren.
Mamdouh Shoukri, C.M., O. Ont., PhD, FCAE, P. Eng, was appointed the seventh president and vice-chancellor of York University on July 1, 2007.

Dr. Shoukri launched his career in the Research Division of Ontario Hydro (1977-1984), where he was responsible for industrial research. He began his career in academia at McMaster University in Hamilton, Ontario, where he joined the faculty in 1984. In 1990, he was appointed Chair of the Mechanical Engineering Department and eventually became Dean of the Faculty of Engineering from 1994-2001. During his term as dean, the Engineering Faculty enjoyed significant growth, which paved the way for McMaster to become one of the leading engineering schools in Canada.

Dr. Shoukri then went on to serve as Vice-President Research and International Affairs. Under his leadership, McMaster was designated Research University of the Year in 2004 by Research Infosource Inc. He was also responsible for creating and implementing the vision for the McMaster Innovation Park (MIP), by building partnerships with the provincial and federal governments, the City of Hamilton, the community and local industry.

In addition to his roles at York, Dr. Shoukri serves on the Ministry of Industry’s Space Advisory Board, the Boards of Directors of Universities Canada, Cancer Care Ontario and the Lorran Scholars Foundation Board, and is Chair of the Government and Community Relations Committee for the Council of Ontario Universities. He is a member of the Standing Advisory Committee on University Research for Universities Canada, and was a founding Board Member of the Ontario Centres of Excellence (OCE) and a member of the Ontario Research and Innovation Council (ORIC).

For his contributions to the flourishing of Ontario’s academic institutions as both an engineer and an administrator, Dr. Shoukri was named a Member of the Order of Canada and the Order of Ontario in 2013, and awarded the Queen Elizabeth II Diamond Jubilee medal. He is a Senior Fellow of Massey College, a Fellow of the Canadian Academy of Engineering and the Canadian Society for Mechanical Engineering. His professional memberships include the Association of Professional Engineers of Ontario, the Canadian Nuclear Society and the American Society of Mechanical Engineers. Dr. Shoukri’s scholarly interests are in thermo-fluid science, and he is the author or co-author of more than 120 papers that have appeared in refereed journals and symposia.

Le Dr Shoukri a commencé sa carrière à la division de recherche d’Hydro Ontario (1977 à 1984), où il était responsable de la recherche industrielle. Il a entrepris une carrière universitaire à l’Université McMaster, à Hamilton, Ontario, en 1984. En 1990, il a été nommé président du département de génie mécanique, puis il a été doyen de la faculté de génie de 1994 à 2001. Pendant qu’il était doyen, la faculté de génie a connu une expansion considérable, ce qui a permis à l’Université McMaster de devenir une des principales écoles de génie du Canada. Le Dr Shoukri a ensuite assumé le poste de vice-président, recherche et affaires internationales. Sous son leadership, l’Université McMaster a été désignée l’Université de recherche de l’année en 2004 par Research Infosource Inc. Il a également eu pour mission d’élaborer et de concrétiser la vision du McMaster Innovation Park (MIP), en établissant des partenariats avec le gouvernement provincial, le gouvernement fédéral, la Ville de Hamilton, la collectivité et l’industrie locale.

Tentanda Via : Ouvrir des voies nouvelles.
York University was founded in March 1959, when its charter was approved by the legislature of the Province of Ontario, and enrolled its first class of 76 students in September 1960.

York was originally established as an affiliate of the University of Toronto, but became independent by mutual consent in October 1965. York University moved from Falconer Hall (on Queen’s Park Crescent near the Parliament Buildings) to the Glendon campus in 1961 and each succeeding year has seen a major advance in growth.

In 1962, the Joseph E. Atkinson College first offered degree courses for evening and part-time students. In 1963, the Faculty of Arts and Science introduced its own distinctive program of degree studies and the Faculty of Graduate Studies was established. The University accepted its first postgraduate students in 1964.

The Keele campus, which became the principal seat of the University, was opened at Keele Street and Steeles Avenue in 1965. In the following year, Glendon College was officially opened and the Faculty of Administrative Studies (now the Schulich School of Business) was established at the Keele campus.

In 1967, the Senate enacted legislation to establish a Faculty of Fine Arts. In 1968, the Faculty of Environmental Studies was established and the Osgoode Hall Law School became the Faculty of Law of the University (under the terms of an agreement which had been entered into with the Law Society of Upper Canada in 1965).

A Faculty of Science was created in 1969 by separating biology, chemistry and physics from the Faculty of Arts and Science, which then became the Faculty of Arts.

In 1971, the Senate approved the establishment of the Faculty of Education. In 2000, Joseph E. Atkinson College was renamed the Joseph E. Atkinson Faculty of Liberal and Professional Studies. In 1990, the Faculty of Science was renamed the Faculty of Pure and Applied Science and subsequently, in 2004, became the Faculty of Science and Engineering. In 2006, the Faculty of Health was approved which brought together Nursing, Health Policy and Management, Kinesiology and Health Science, and Psychology. In 2009, York University continued this tradition with the launch of the Faculty of Liberal Arts and Professional Studies, combining the strengths of the Joseph E. Atkinson Faculty of Liberal and Professional Studies and the Faculty of Arts. In 2012, York University’s Senate approved the establishment of a new Faculty, named the Lassonde School of Engineering. 2015 marked a transformative moment in one of the University’s charter Faculties when the Faculty of Fine Arts was renamed the School of the Arts, Media, Performance and Design.

Fondée en mars 1959, date à laquelle le Parlement de l’Ontario a approuvé sa charte, l’Université York a ouvert sa première classe avec soixante-dix-sept étudiants en 1960.

York, qui était au départ affiliée à l’Université de Toronto, a pris son indépendance par consentement mutuel en Octobre 1965. Elle a quitté Falconer Hall (Queen’s Park Crescent) pour le campus de Glendon en 1961, et a franchi chaque année une nouvelle étape décisive.

Devenu depuis le siège principal de l’Université, le campus de York, au croisement de la rue Keele et de l’avenue Steeles, a été inauguré en 1965. L’année suivante a vu l’ouverture officielle du Collège universitaire Glendon et la création de la Faculté d’administration (maintenant l’École Schulich des hautes études commerciales) sur le campus de York.

En 1967, le Sénat a décidé la création de la Faculté des beaux-arts. En 1968, la Faculté des études environnementales a été créée et l’École de droit Osgoode Hall est devenue la Faculté de droit de l’Université (aux termes d’un accord passé avec la Société de droit du Haut Canada en 1965).

THE MACE

The mace, which the University Beadle carries, was a gift to York University from the City of Toronto in 1964. Each part of the mace has symbolic significance for the University. Rendered in brass, the end section is set with stones of cullet, bloodstone, agate and amazonite which represent all ethnic sources of Canada. The shoulder has 10 projections representing Canada’s provinces. The four arms at the head of the mace represent the paths which lead to the ideals that humans strive to achieve. The arms support an orb whose shape reflects the universe and its truths. The orb is executed in the colours of earth and water: brown, ochre, blue and green.

LA MASSE D’ARMES

THE COAT OF ARMS OF YORK UNIVERSITY

The upper half of the shield contains two lions of the City of York; the lower half contains, on a red background, the white rose of the Royal House of York. The oak sprig in the crest represents the Tree of Learning and recognizes York University’s initial affiliation with the University of Toronto. The York University colours are crimson and white.

ARMOIRIES DE L’UNIVERSITÉ YORK

La moitié supérieure de l’écu porte les deux lions de la ville de York; dans la moitié inférieure figure, sur fond rouge, la rose blanche de la Maison royale de York. La branche de chêne du timbre, qui représente l’Arbre de la Connaissance, témoigne de l’affiliation initiale de York à l’Université de Toronto et du ferme soutien qu’elle en a reçu. Les couleurs de l’Université York sont le blanc et l’écarlate.
“A first task of York University will be to use the great traditional subjects to shed light on the problems of today’s world. No one in his right mind would today oppose the need for a high degree of specialization. But to have specialization and nothing else is to possess but half an education... we shall try to break down the barriers of specialization, to give to York University students a sense of the unity of knowledge.”

York’s Founding President Murray Ross, 1960

Since its inception in 1959, York University has become world-renowned for its unique interdisciplinary approach to teaching and research. An education at York University provides an interdisciplinary perspective and a modern approach to the issues facing today’s world. York is where students and faculty from differing disciplines join together to explore problems to the fullest possible extent. The result is a dynamic, all-round perspective that corresponds closely to the world we live in. York graduates are enabled to develop advanced solutions to complex problems and benefit from a unique perspective that is both realistic and optimistic.

More than 55,000 students, including the second-largest graduate student population in the province, pursue full- and part-time studies across York’s 11 Faculties. York has three professional Faculties in business, law and education, plus other professional programs ranging from engineering to nursing, social work to urban planning, in addition to a wide range of programs in the social sciences, the humanities, fine arts, science and environmental studies. Through York’s 11 Faculties and 28 interdisciplinary research centres, we conduct ambitious, innovative research that moves freely across traditional academic boundaries.

Multicultural and diverse, with a range of views and perspectives, York’s student population is among the most eclectic in Canada with over 100 different language groups represented. York’s combined intellectual, social and cultural life translates into an environment in which students can develop a better understanding of our world in order to change it for the better.

York is a place where you are encouraged to build your own unique path to success and achieve groundbreaking success. As a distinguished York graduate, you are joining close to 300,000 York alumni worldwide who “redefine the possible” and help to shape change in Canada and beyond.

As a member of York’s graduating class of 2016, you will carry this hallmark of innovation and excellence. We wish you every success, whatever path you follow.
O CANADA

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

Ô CANADA

Ô Canada, terre de nos aïeux,
Ton front est ceint de fleurons glorieux.
Car ton bras sait porter l’épée,
Il sait porter la croix.
Ton histoire est une épopée
Des plus brillants exploits.
Et ta valeur, de foi trempée,
Protégera nos foyers et nos droits,
Protégera nos foyers et nos droits.

Congratulations Class of 2016

Congratulations on your graduation and welcome to York University’s alumni community!

As graduates, you are now members of the York University Alumni Association (YUAA), joining a global community of close to 300,000 graduates who enjoy the privileges and perks of alumni membership.

York is truly an interdisciplinary university that looks at life from all angles. Unfettered by convention and traditional expectations, York’s innovative approach has forged a vibrant institution and our strength in numbers reflects this passionate approach to education.

As York alumni, you are well prepared to face the opportunities and challenges of an ever-changing world with clarity and vision. This vision is your strength – both as a class and as individuals – and I urge you to keep in touch and be actively involved as a York graduate, not just with the University but with one another, so that you can draw on each other’s insights.

Alumni play a vital role in the life of York University. As graduates, the ongoing reputation of the University affects how others value a York degree, and we can each enhance its value by acting as ambassadors for York’s education and research activities.

You can stay in contact with your classmates and get all the news about upcoming events and services through our Facebook page, our LinkedIn group, our newsletter and the Alumni website (yorku.ca/alumni).

You can maintain contacts and make new ones by attending our special events or by volunteering. You can act as a mentor for current students, get involved with a York alumni group in your hometown or country or help York recruit talented students who will become the alumni of the future. You can also act as advisers to the University, suggesting new ideas and offering constructive feedback.

Your achievement is outstanding! You and your fellow graduates are the best ambassadors for York University. Through your involvement with the York University Alumni Association you will continue to demonstrate that York prepares its graduates to make an impact on the world.

We wish you every success!

Yours truly,

Randy Williamson (LLB ’88)
Chair, York University Alumni Association Board of Directors
Félicitations à la promotion de 2016

Félicitations à l’occasion de l’obtention de votre diplôme et bienvenue dans la communauté des diplômés de l’Université York!

En tant que diplômé, vous êtes maintenant membre de l’Association des diplômés de l’Université York (ADUY); ainsi, vous joignez les rangs d’une communauté mondiale de près de 300 000 diplômés qui bénéficient de la grande diversité d’avantages et de services qui sont offerts aux anciens étudiants de York.

York est vraiment une université interdisciplinaire qui a une vision sur tous les aspects de la vie. Libre des entraves des conventions et des attentes traditionnelles, l’Université York est devenue, grâce à son approche novatrice, un établissement dynamique. Notre force, exprimée en noms, reflète cette approche passionnée envers l’éducation.

En tant que diplômé de York, vous êtes bien préparé pour saisir les occasions et relever les défis qui se présenteront, et ce, avec une grande clarté de vision dans un monde en pleine évolution.

Cette vision est votre force, aussi bien collectivement pour l’ensemble de votre promotion que pour les personnes qui la composent. Ainsi, je vous encourage à garder le contact, non seulement avec nous, mais aussi les uns avec les autres, et de participer aux activités offertes aux diplômés de York, afin de tirer profit de l’expérience et des connaissances des uns et des autres.

Les diplômés jouent un rôle vital dans la vie de l’Université York. La réputation continue de celle-ci influe sur la valeur que d’autres attachent à un diplôme de York, et nous pouvons tous rehausser cette valeur en agissant à titre d’ambassadeurs et d’ambassadrices des activités d’éducation et de recherche de York.

Vous pouvez rester en contact avec vos camarades de classe et vous tenir au courant des événements à venir et des services offerts aux diplômés sur notre page Facebook, par notre groupe LinkedIn, dans le bulletin électronique et sur du site web Alumni (yorku.ca/alumni).

En participant à nos activités spéciales ou en offrant vos services en tant que bénévole, vous pourrez non seulement maintenir le contact avec vos relations actuelles, mais vous en faire de nouvelles. Vous pourrez remplir les fonctions de mentors pour des étudiants en cours d’études, participer aux activités d’un groupe de diplômés de York dans votre ville ou dans votre pays, ou aider York à recruter des étudiants talentueux qui deviendront les diplômés de l’avenir. Vous pourrez aussi remplir le rôle de conseiller ou de conseillère pour l’Université en lui suggérant de nouvelles idées et en offrant une rétroaction constructive.

Votre réussite est remarquable! Vous et les autres diplômés êtes les meilleurs ambassadeurs et ambassadrices de l’Université York. Grâce à votre participation aux activités de l’Association des diplômés de l’Université York, vous continuerez à démontrer que York prépare ses diplômés à laisser leur marque dans le monde.

Nous vous souhaitons tout le succès possible!

Cordialement.
